Amendments to Abstract

Please replace the Abstract of the Disclosure at page 30 with the following rewritten Abstract of the Disclosure.

Abstract of the Disclosure

Through a network, a computer system provides a plurality of templates to a user. Also, through the network, the computer system receives a selection from the user of at least first and second templates of the plurality of templates. The computer system generates a database including information of the selected first and second templates. This invention relates to a method, a system and a computer program product for generating custom databases. It is emphasized that this abstract is provided to comply with the rules requiring an abstract that will allow a searcher or other reader to quickly ascertain the subject matter of the technical disclosure; and is submitted with the understanding that it will not be used to interpret or limit the scope or meaning of the claims under 37 CFR 1.72.
